

How to Fly Fish for Trout

A presentation by Tom McCoy for the 2018 Long Island Fly Fishing Expo

The presentation will go over the basics one needs to get started in fly fishing for trout including what to look for on the stream, flies to use, equipment to buy, casting techniques and a few tips on where to go both here and upstate. Questions answered and lots of photos.

So come on down if you want to catch more trout!

Tom is the author of *How to Fly Fish for Trout, the First Book to Read*.
